

GRASSLANDS ROCK WALK

Sometimes in early spring and late fall the most interesting things to find in the Grasslands are the rocks.
See how many of these you can find.

A rock with dimples

A rock with fossils

A half-buried rock

A rock with glacial striations

A rock sitting aboveground

A rock with lichen

A multi-coloured rock

A rock with a hole in it

A thing sitting on a rock

A limestone rock

A rock that glitters

A granite rock
